

THE KISII NATIONAL POLYTECHNIC

IMS POLICY STATEMENT

Kisii National Polytechnic is committed to providing our trainees with quality practical and up-to-date training. We will provide our staff with relevant continual training in line with changing global market trends. We are committed to ensuring the security of information for business continuity.

We have adopted an Integrated Management System (IMS) based on ISO 9001:2015 and ISO/IEC 27001:2013 Standards in line with the KNP Strategic Plan and will maintain our reputation as a preferred technical institution by:

- Upgrading our technological training through research and innovation.
- Networking with related institutions that embrace best practices and implementing timely reviews to add value to our programmes.
- Ensuring Confidentiality, Integrity and Availability of information.
- Continually improving our IMS by taking prompt action on identified gaps and by reviewing the established functional objectives as necessary.
- Ensuring compliance to requirements of the IMS, relevant interested parties as well as applicable legal and contractual requirements.
